Hi. I noticed recently that homeless people have put up tents on the corner of Ardmore Ave. & 6th St. It used to have only one or two tents but now it has added another one & some bikes. My kids are now scared to walk in the area because of the homeless people especially if it's dark. Sometimes at nights, there's even yelling on that corner where the homeless are.

Is there a way you can do something about it as soon as possible & relocate them? This is a business & residential district & they are not supposed to set up camp in a busy intersection like that. I will also alert the media asap regarding this matter so they can put a spotlight on this issue.

Sincerely,
